

### **PAUSTI registers another milestone with admission of 6th Cohort**

The Pan African University Institute for Basic Sciences, Technology and Innovation (PAUSTI) has admitted the sixth cohort comprising 115 students, drawn from 35 African countries. The students will pursue masters and doctorate programmes in areas such as mathematics, molecular biology and biotechnology, civil engineering, electrical engineering, and mechanical engineering. Addressing the students after a week-long orientation on Friday May 10, 2019, Mr. Evans Atambo who represented Kenya's Ministry of Education said, the students had earned themselves a chance to play active role in actualization of the continent's development blueprint – Africa Agenda 2063. <http://www.jkuat.ac.ke/pausti-registers-another-milestone-with-admission-of-6th-cohort/>
